Manage Multiple Campaigns

Now faith-based organizations can expand and manage donations with ease. Brandable text and online campaigns offer a better alignment with each fundraiser or event. Imagine running any number of concurrent campaigns for the many worthy causes that seek booster and community support. All with precise, real-time reporting.

Donations Page

Donation pages are hosted and branded for every organization or campaign. No special setup is involved. Simply share the link with your donors where they can opt for a one-time or recurring donation, and immediately get their receipt.

Reporting

The sole task for districts and schools is to promote their donations page - the platform does the rest. Standard or custom reporting can be delivered by email, exported by .CSV or .PDF, and via Webhooks. Your donor contact list can also be downloaded.

Text to Donate (Optional)

We provide you with a unique toll free number that you promote to receive donations. Donors simply text the amount they would like to donate and are directed to a secure page where they choose either ACH or a credit card as their payment method for a one time or recurring donation. Immediately they receive their receipt, all from their smart phone.
